

INDEX

S.NO	NAME OF EXPERIMENT	DATE	SIGNATURE
1.	Program to insert and delete the element from array.		
2.	Program to insert and delete the element from singly linked list.		
3.	Program to insert and delete the element from doubly linked list.		
4.	Program to insert and delete the element from circular linked list.		
5.	Program to add to polynomials using linked list.		
6.	Program for array implementation of stack.		
7.	Program for linked implementation of stack.		
8.	Program for linear search.		
9.	Program for binary search.		
10.	Program for insertion sort.		
11.	Program for selection sort.		
12.	Program for merged sort.		
13.	Program for Quick sort.		
14.	Program for heap sort.		
15.	Program for bubble sort.		
16.	Program for radix sort.
